WHEREVER YOU ARE IN YOUR HIGHER EDUCATION, GET THE MONEY YOU NEED FOR SCHOOL

Student loans from PFCU in partnership with Sallie Mae® could help! Their student loans are designed for the needs of all types of students.

- Competitive interest rates
- Multiple repayment options
- No origination fee
- No prepayment penalty

We encourage students and families to start with savings, grants, scholarships, and federal student loans to pay for college. Students and families should evaluate all anticipated monthly loan payments, and how much the student expects to earn in the future, before considering a private student loan. These loans are made by Sallie Mae Bank.

PFCU is not the creditor for these loans and is compensated by Sallie Mae for the referral of loan customers. Applications are subject to a requested minimum loan amount of \$1,000. Current credit and other eligibility criteria apply.

Visit [pfcu.com](https://www.pfcu.com) for additional eligibility information about each product. Although we do not charge a penalty or fee if you prepay your loan, any prepayment will be applied as outlined in your promissory note – first to Unpaid Fees and Costs, then to Unpaid Interest, and then to Current Principal.

FINANCIAL LITERACY IN ACTION

Yahné Jackson,
Accredited Financial
Educator

In the second quarter of 2024, PFCU is continuing strong, hosting 35 financial literacy workshops, designed especially for empowering individuals to exceed their financial expectations. Yahné Jackson, our Financial Educator, was able to reach and teach 700 diverse individuals since the start of this year. Her sessions this quarter included students from various groups such as Finishing Trades Institute District 21, Beyond

Literacy, the Free Library of Philadelphia, Philadelphia Technician Training Institute, HealthCorps, the Philadelphia High School for Girls and The Workshop School. She also met with staff, members and attendees from House of Glory, National Center for Urban Solutions, Better Tomorrows and SELF, Inc. Yahné discussed topics such as Introduction to Credit, Financial Goal Setting and more. Because we understand finance can be overwhelming for some, she took her time, engaged in real conversation, encouraged others and utilized live polls to help really immerse the participants into the experience. It was great to see the roads opening to financial wellness for more individuals in our community.

Considering the engagement and insights that we have received from these sessions, we are excited to soon begin youth topics surrounding Financial Decision Making.

Furthermore, we appreciate updates of the continued progress from previous participants. It is extremely inspiring. Individuals asking advancing questions to help navigate new milestones assure us that education will always be the key to growth, change and financial freedom. As PFCU continues to make strides with financial literacy initiatives, keep an eye out for our workshops and upcoming webinars to continue strengthening our community.

LAY A PATH FOR A BRIGHT FUTURE WITH A CREDIT BUILDER LOAN

Building good credit can improve your credit score and open better lending opportunities to you. Having a good credit score is important – it tells lenders that you can manage debt. It's easier to get approved for credit cards and loans, and at lower interest rates.

A Credit Builder Loan from PFCU is a great way to jump-start the process. Plus, we've made the process easy for you!

Here's how it works:

- Apply for a PFCU Credit Builder Loan amount between \$250 and \$1,000 with a competitive, low rate of 4.00% APR.*
- The funds are held in a PFCU Savings Account for the term of the loan. We offer terms between 12 – 18 months.
- Make on-time monthly or biweekly payments. Consistently paying off the loan according to schedule can help build your credit.
- PFCU pays dividends on the money while you're making timely payments and establishing credit.
- When the loan is paid in full, you'll have the amount of the loan plus dividends available in your PFCU Savings Account.
- PFCU will report your payment history to the three major credit bureaus: Equifax, Experian and TransUnion.

Are you ready to take the first step toward better credit? We are ready to help! Apply for a Credit Builder Loan today by calling a Member Services Representative at **215-934-3500** or **1-800-832-PFCU** or visiting pfcu.com.

*APR = Annual Percentage Rate. For each \$250 borrowed at 4.00% APR over a term of 12 months, pay approximately \$21.29 a month. Rate current as of May 12, 2017. This is the credit union's best rate. The available rates and terms are subject to change without notice. Offer of credit is subject to credit approval. Results not guaranteed. Improvement in credit score dependent upon your specific situation and financial behavior. Failure to make monthly minimum payments by the payment due date each month will result in negative reporting to your credit report, which will not improve your credit history. This program will not repair your credit, and negative credit history will not be removed from your credit report as a result of this program.

CHECK YOUR CREDIT REPORT

Did you know 1 out of 3 credit reports have errors? More than one-third of consumers have found at least one error on their credit report. Are you one of them?

Errors on credit reports are not uncommon, so staying up to date with reviewing credit reports is a necessity. PFCU has a credit score solution that is FREE for our members. You can review your credit reports anytime, anywhere.

Mistakes on consumers' credit reports can impact their score and lending power. Some of the common errors found on credit reports are:

- **Personal Information Errors:** Errors such as wrong name or address.
- **Account Errors:** Credit accounts that consumers did not recognize as being theirs.

With PFCU's credit score solution, not only can our members download and review their free credit report for errors, but they can also dispute any errors they might see right within the tool. Members have access to check their credit score daily without any impact to score, receive real-time credit monitoring alerts and learn about the factors that make up their credit score. Finally, they can also give our credit score simulator a spin and see how their current score would change based on a variety of different actions or events.

If you do not check your credit report, you will never know if it has errors. Do not let the likelihood of errors result in an impact on your credit score or higher loan interest rates and payments.

Use our tools to your advantage and enroll in Credit Score today! For online banking, select "Credit Score" from the eServices tab within Teller Net. For mobile banking, tap "More" in the lower right-hand corner and select "Credit Score" from the eServices menu.

HAVE YOU HEARD ABOUT UNWANTED CALLS AND TEXT MESSAGES?

Here's how they work: You pick up the phone and hear a recorded message, a robocall, or a live person selling something. Maybe it's not who your caller ID said it was. Or, you get an unexpected text message saying you won a prize, have a package waiting, or must contact Philadelphia Federal Credit Union. Recorded sales calls are illegal unless you give a business written permission to robocall you. If your number is on the Do Not Call Registry, you're not supposed to get any recorded or live sales calls.

But scammers ignore the rules about when and how they can call you. Scammers use technology to make any name or number show up on your caller ID. It could look like it's from the Internal Revenue Service, a business you know, or even your own number. You can't trust caller ID because phone numbers can be faked. Scammers also send text messages to trick you into clicking links and giving out personal information.

What You Should Do:

- Hang up on unwanted calls and ignore unexpected texts.
- Don't press any numbers or click on links.
- Blocking services might reduce unwanted calls and texts. Ask your phone carrier about call and message blocking.

Read expert reviews about your options. Learn more at ftc.gov/calls. Pass this information on to your family and friends. You may know what to do about unwanted calls and texts, but you probably know someone who doesn't.

Want to know more? Sign up for Consumer Alerts at ftc.gov/ConsumerAlerts.

Please Report Scams

If you get scam calls, illegal robocalls, or unwanted text messages, please report them to the Federal Trade Commission.

- Go online: ReportFraud.ftc.gov
- Call the FTC: 1-877-FTC-HELP (1-877-382-4357) or TTY 1-866-653-4261

Your report can help protect other people. By reporting fraud, you can help the FTC's investigators identify the scammers and stop them before they can get someone's hard-earned money. It really makes a difference.
